

Getting Canvas site ready for Fall*M 9:00am / Tu. 11:30am & 2:30pm / Th. 1:00pm*

Before classes begin, make sure everything is where you need it to be and visible to students. Streamline your posting and grading processes, too!

Easy Grading in Canvas*M 10:00am / Tu. 2:00pm / Th. 1:30pm*

The best of both worlds—streamline your process to save time, all while leaving more personal feedback for students

Canvas Modules – Course Organization*M 3:30pm*

Much like a syllabus and unit plans, Modules are the glue that keeps your course orderly and easy to navigate; learn how to use them to your greatest advantage

Canvas – working in groups – managing large classrooms*M 3:00pm / W 3:00pm*

Ease the stress of keeping tabs on—and communicating with—high-enrollment courses.

Canvas – Setting up Assignments*W 9:00am*

Well-designed assignments are the key to making the grading process easier—and to keeping students on track. Learn about the full range of assignment options and features, and see things from a student point of view.

ExamSoft – Building question bank*M 1:00pm / Tu. 9:00am / W 1:00pm*

Create familiar questions just as you always have on paper—and learn how to assess at an even deeper level with more advanced, interactive questions

ExamSoft – Creating a test/quiz/exam*M 11:30am / Tu. 9:30am / W 1:30pm / Th. 3:30pm*

Preserve all the critical formatting of your paper assessments, and explore some digital options for greater effectiveness

ExamSoft Scoring/Reporting*Tu. 10:30am / W 9:30am / Th. 2:00pm*

Practice the basics of accessing, grading, and exporting student data after an assessment—even send grades directly to your Canvas gradebook.

Zoom Basics*Tu. 2:00pm*

Learn how to really connect with your long-distance colleagues and students! Come practice creating a meaningful, personal interaction via videoconference.

Zoom Advanced *W 2:30pm*

Go beyond a good-quality connection and explore the additional features and experiences you can add to your videoconferences.

Learning Studio *Tu. 1:00pm / W 2:00pm / Th. 10:30am*

If you can imagine it, we can create it! See the amazing capacity of our Learning Studio, practice a bit, and start to envision how it can enhance both your work and your students' experience.

Librarian as research partner *M 1:30pm / Tu. 11:00am / Th. 2:00pm*

No matter what stage you are in your research cycle, the librarian and the library can help you move forward. This session will surprise you with ideas about how we can work together from the idea stage through to manuscript edits, and everything in between.

The Librarian and Your Class *M 9:00am / Tu. 10:30am / W 2:00pm / Th. 1:30pm*

Join us at this session to discover ways that partnering with the librarian adds value to your course, or to a single class that you will be teaching. From course readings to student assignment completion, let's talk about the myriad of ways that we can work together.

Making the large classroom feel like a tutoring session *M 11:00am / Tu. 3:00pm / Th. 9:00am*

Connect better with individual students during class time, and gain some freedom in the room while you lecture! Sharen McKay will show you what a few simple apps and an iPad Pro can do for your class.

Making digital materials accessible to diverse audience *M 1:00pm / W 1:00pm / Th. 11:00am*

Hands-on demonstration of some simple things you can do to make your digital learning materials accessible to all your students.

Classroom Technology & Zoom *W 11:30am / Th. 3:00pm*

Come for a refresher on how Zoom interacts with your classroom and how to integrate it into class time, group work, etc.

Admin Panel *M 9:30am / Tu. 11:30am & 3:30pm / W 9:00am / Th. 3:30pm*

Enjoy some quality time with your Senior Admin(s) to talk about streamlining workflow, ExamSoft support, and important topics for the fall.

TEAL room *Tu. 2:30pm / W 9:30am / Th. 11:30am*

Come for a refresher on the unique capabilities of the TEAL room and how it can enhance your students' experience

Q&A with OSA *M 10:00am / W 3:00pm / Th. 10:00am*

Come ask all your questions about submission of final grades, student accommodations, and other information only OSA can provide!

IT Information *Tu. 10:00am / W 11:00am*

Come chat with Walter about the latest tech requirements, news, and tools at our disposal

**App Smashing for Faculty in classroom and clinical
(Apple Education Team)** *M 3:00pm / Tu. 9:00am*

Sarah Farrell, PhD is a nurse and former YSN faculty who works for Apple — covering all the US teaching hospitals, medical, nursing, dental, pharmacy and PA programs. She'll do a demo and a hands-on session of app work flows in medical and nursing education. Bring an iPad if you have one. Bring questions!

Special thanks to our guests from the Yale Center for Teaching and Learning for hosting these workshops:

Active learning strategies in large lecture classes

W 10:00am

Aligning course objectives and assessments (and how this relates to superior learning)

W 11:00am

Creating Assessment/ Exam Questions

Th. 9:00am
