

Incident Reporting Guidance

Yale University's Discrimination and Harassment Resource (DHR) Coordinators, the Office of Institutional Equity and Accessibility (OIEA), and the Title IX Coordinators specifically have been charged by the University with receiving and responding to concerns about sexual misconduct, discrimination, harassment, and retaliation under this [policy](#). Yale School of Nursing (YSN) DHR and Title IX Coordinators are a school's best resource in discussing a concern related to sexual misconduct, discrimination, harassment, or retaliation, particularly as the coordinators will be knowledgeable about resources specific to their school or college.

Title IX/[DHR](#) Coordinators and other representatives will maintain privacy of concerns and complaints as much as possible, consistent with the nature of the concerns. **An individual may request that the University not disclose their identity to anyone else, including the person accused of misconduct.** The University strives to preserve the privacy of information shared where maintaining such privacy does not conflict with Yale's obligation to appropriately respond to reports and eliminate sexual misconduct, discrimination, harassment, and or retaliation. Title IX and DHR reports will be handled by the respective coordinators in consultation with the YSN Associate Dean of Equity, and privacy will be maintained insofar as it can, except in cases whereby **mandatory reporting** to appropriate officials is required.

If there is an imminent threat or danger, please contact the University Police at (203) 432-4400 (if on Yale's campus) or dial 911. If the respondent is in the reporting chain, contact the Title IX or DHR Coordinators directly by email or this [YSN Incident Reporting Form](#).
