**Clinical hours may be obtained throughout the summer months if they cannot be attained during the actual semester. This decision is made on a case-by-case basis. Students should plan to do some clinical hours in the summer months between academic year one and two. Some students will do clinical over winter breaks if clinical sites are available. This will be decided between the program director and the student.*

***Clinical hours during the first semester of FNP MSN year 1 are not guaranteed. If 60 hours of clinical are available/assigned to a student for the fall of NSM year 1, these hours will be subtracted from spring MSN year 1.*
